Dear Parent/Guardian

Year 9 - Geography Film

As part of the Year 9 geography curriculum, students are currently learning about issues surrounding Development.

In order to make students more aware and improve their understanding of development issues students will be watching the film ‘Blood Diamond’ in their Geography lessons later on in the Spring Term.

The film is classified as a ‘15’ certificate. The content of the film that the pupils will be watching exposes important elements of what they will be learning, and is relevant to homework and assessments in class. The film does contain some sensitive material, strong language and violent scenes. However, it is carefully selected solely for educational purposes and the pupils are provided with a background to what the film is about prior to watching it.

Please complete the slip below and return it to Miss Redgewell, Miss Burlton or myself before 10th February 2014.

If you feel that it is not suitable for your son/daughter to view this film please can you inform me in writing. If you have any questions regarding your son/daughter watching the film or its content please do not hesitate to contact the school.

Thank you for your cooperation.

Yours sincerely,

Mr T. Eburn
Head of Geography
